Reserves Passage Assured

Rep. Brooks Claims Major Amendments Will Be Ignored, But After A Fight

WASHINGTON (AP)—The administration's program to build up the military reserves was expected to pass the House intact today despite efforts to soften or kill it.

Rep. Brooks (D-La.) predicted it would pass without major amendments, but only after a fight. Brooks leads House forces backing the legislation, which already falls somewhat short of original Pentagon requests.

President Eisenhower is behind the measure to give the military limited authority to enforce reserve obligations and to provide a new plan for training up to one million ten-year active and reserve years.

In one key provision, the measure would authorize the Pentagon to recall for 45 days' active duty reservists who fail to maintain a minimum of 84 weekly drills and 15 days' summer training a year, or the equivalent. Involved are draftees and volunteers who have completed active duty since mid-1953 and are obligated for a total of five years' active and reserve service.

The House Armed Services Committee softened the Pentagon's original proposal to make these reservists liable to a discharge other than honorable if they failed to keep up their training. But Brooks said he expected attempts to reduce the enforcement provision further.

In a second key section, the measure would provide for up to 250,000 volunteers a year to be given six months' special training, followed by 7½ years' active reserve duty. The volunteers, between 17-19 years old, would save 18 months from the two years of active duty required of draftees. But they would put in this time in reserve duty.

Rep. Barden (D-NC) said he intends to offer a counterproposal that would permit students to fulfill their entire military obligation by taking three months' training each summer for four years.

States Wagenknecht's Defense to Be Based On Victim's Identity

KANSAS CITY (AP)—An attorney for Henry W. Wagenknecht said today the defense in his murder trial would be based on the identity of the victim, buried as Wagenknecht's wife.

Richard Beary, one of the defense attorneys, told the jury: "As you perhaps have gathered, identity of the victim has been in dispute; that the defendant made statements denying that the 'victim' buried is his wife.

"We have testimony by the defendant's brother corroborating the defendant's belief."

Wagenknecht is accused of beating his wife to death last Aug. 16 at their home in Bonner Springs, Kan. The state completed its case yesterday.

Beary also said the defense would seek to show the county attorney refused a request to exhumate the body.

Steve Allen Receives Jaycees Official Hat; Asks, Where's Sedalia?

Steve Allen, host of NBC's television show, "Tonight," "plugged" Sedalia coast to coast Tuesday night when he donned a Mule Leader hat mailed to him by president of the Sedalia Junior Chamber of Commerce, Jack Delph.

In answer to his question, "Where's Sedalia?" and "Anyone know how big Sedalia is?" Jack Faber, secretary of the Sedalia Chamber of Commerce is preparing a brochure that will be mailed to Allen in the next few days.

The Mule Leader hats are an official part of the state Jaycee's uniform.

No Bermuda Trend

Crew cuts and shorts are becoming the order of the day. Haven't seen any overcoating of Bermuda shorts in the business district, though.

Partly cloudy tonight and tomorrow. Chance of showers late tomorrow. High tomorrow near 80. Low tonight in the upper 50s.

The temperature at 7 a. m. was 55; 77 at 1 p. m. and 79 at 2 p. m.

The temperature one year ago today, high 76, low 49; two years ago, high 71, low 53; and three years ago, high 82, low 48, with 91 inch of rain.

Honor Among Ex-Cons--

Accomplice Gets Away After Jailbreak, Taking Girlfriend

James A. Rossi, one of the three prisoners who fled the Benton Co. jail only to be caught, complained today about honor among ex-convicts.

The 51-year-old Kansas City ex-convict and William L. Nichols, 25, of Marshall, picked the lock on their cell on the second floor early today, then dug a hole through the brick wall.

Nichols made it through the hole and slipped into the basement

where he released Mrs. Josephine Fenton, 39, Kansas City, known as Rossi's girl friend. The pair fled in a stolen car, and haven't been seen since.

Rossi was not so fortunate. He got stuck in the hole of the wall, some 15 feet above the ground. There he struggled, finally wiggled loose and fell to the ground.

He hitch-hiked away but was caught near Clinton by Glen Means, a patrol trooper, and Deputy Sheriff Ben Jenkins.

Rossi complained of his ribs hurting, but most of all he was concerned over Nichols' action.

It seems Nichols not only refused to help Rossi get loose from the hole, but he also took his hat, coat and girl friend.

The three had been held in jail since April 25, awaiting trial on charges of robbing a hardware store in Lincoln and a lumber firm in Cole Camp.

Sheriff White said he was notified of the escape about 6 a. m. through an anonymous telephone call from Marshall.

Sheriff White reported he heard a noise about 2 a. m. but it was nothing that alarmed him at the time as everything quieted down and no other noises were heard.

After receiving the tip from Marshall, Sheriff White went to check the jail and found still sleeping a brother of Nichols, Ray. (Please turn to page 6, Column 7)

Ex-Sedalian Involved In KC Fatality

Driver Of Truck From Which Youth Victim Fell In Play

Carl Avery Crum, 42, former Sedalian now living in Kansas City, was the driver of a truck which figured in the 12th fatal accident in Kansas City Monday.

The victim was 11-year-old John Charles Richardson, who had "hooked" a ride on Crum's truck. The accident occurred in front of the Martin school in Kansas City.

According to reports on the accident, Crum had driven his truck to the school taking his three children to school a short time before the accident. His children are Jean Crum, 12, James Avery Crum, 9, and Carl William Crum, 7.

After letting his children out, he drove to a corner, made a U turn and started back south on Garland avenue. Four boys jumped on the truck and Crum stopped and ordered them to get off the truck, according to witnesses.

He then started up again apparently unaware that the Richardson boy had jumped back on the truck.

In front of the school, the boy, it was believed, tried to jump off of the truck and fell on his head. Bystanders began shouting to Crum and he stopped to see what was wrong, still unaware of the fact the boy had jumped from his truck. He stopped a short distance south of the school and returned to the scene.

Crum was arrested on a technical charge of careless driving, and was told he would have to post a \$100 bond. He informed the officers he did not have any money and Lieut. Frank Wells, head of accident investigation unit, offered to lower the bond to \$50. Crum then stated he possibly could raise the money by mortgaging his furniture.

John Perry, principal of the school, who was at the scene of the mishap offered to loan Crum the \$50 to post the bond, and did. The case will not be heard for about a month.

Crum is a native of Sedalia and before moving from Sedalia lived at 419 East St. Louis. He lived in Dresden for a time and then moved to Kansas City. Several years ago he drove a Yellow Cab in Sedalia.

US Still Supreme In Air

Ike States This In Debunking Words Of Sen. Symington: Traces Development

WASHINGTON (AP)—President Eisenhower said today it just isn't true to say that the United States has lost control of the air to Russia.

Eisenhower was asked at his news conference about a statement by Sen. Symington (D-Mo.) that the Soviets have gained ascendancy in air power.

The President replied that was a very general statement. He said air power is a relative thing.

Anybody can gain control of the air by concentrating at a given point and within a given space of time, Eisenhower said. He added that the Germans did that as late as January, 1945, when they plastered Allied air fields. That was in the late stages of World War II when the Allies had over-all command of the air.

As of today, the President said, the scientific character of the U.S. Air Force is built on developments that began in 1948 when the B36 long-range bomber was brought out.

He said the B36 was never regarded as anything but a transition aircraft preceding the day of the big jet bomber which is coming along. He said the B36s were phased out—meaning gradually retired—as jet bombers came along.

Eisenhower said from time to time the Russians have exceeded American predictions in arriving at some scientific aircraft developments.

But to say that we have lost in a twinkling of the eye all of the advantage of technical development and numbers of aircraft as well is just not true, he said.

Russia Appears Ready to Leave Austria Free

VIENNA, Austria (AP)—Russia apparently is not going to wait for ratification of the Austrian state treaty to begin withdrawing its occupation troops, Austrian sources say. Soviet commanders in several towns have notified police that their headquarters will be closed in a day or two.

A U.S. Army spokesman said yesterday that no orders have been received to move out American troops in advance of ratification. The pact does not actually go into effect until ratification has been completed in the United States, Britain, France, Russia and Austria.

The treaty was signed Sunday by the Big Four powers and Austria. Under its terms, the 70,000 Russian and Western occupation troops are to be out of the country within 90 days after final approval by all the signers.

The Austrian government already has taken its first step toward ratification. Chancellor Julius Raab's Cabinet approved the 38-article pact yesterday and agreed to send it to Parliament immediately for action.

"We must be the first to ratify our treaty," Raab later told a cheering crowd of electrical workers.

Marjorie Crain Wins State Essay Contest By Legion Auxiliary

Miss Marjorie Crain, valedictorian of the 1955 class of the Ottumwa High School has been announced first place winner in the senior division of the statewide essay contest sponsored by the American Legion Auxiliary.

The honor was announced by Mrs. L. H. McGhee, state chairman of the contest.

Her essay, published a few weeks ago in The Democrat-Capital, was on "How I Can Protect My American Heritage."

She is a daughter of Mrs. Margaret Crain.

Press Charges Against Brother and Sister

HEREFORD, England (AP)—A brother and sister who were parted in childhood but later met and married are facing trial on incest charges. Authorities accuse them of knowing they were related when they were wed.

At a preliminary hearing yesterday, a local court ordered Geoffrey Walter Hughes, 26, and his sister Marjorie to stand trial June 20. Both were released on bond without entering any plea to the charges.

The couple married in 1951. They separated early this year when their relationship was disclosed, and the sister since has remarried.

In The State Legislature--

Dispute Over Sales Tax Brings House to Boiling Point Activity

JEFFERSON CITY (AP)—A little shove by a Senate sergeant-at-arms. A little blow by a House member.

That could be the end of the 1955 Legislature's legislating.

The House-Senate feud, erupting yesterday, could spell the death of several key bills.

Like the Senate-passed proposal to increase the state sales tax from two to two and a half per cent and thereby produce more money for state aid to public schools.

It got bottled up a second time by Speaker Roy Hamlin's desire to study the committee report approving it for house action. He said the sales tax proposal required special scrutiny.

That was about the time the House-Senate feud broke into the open.

Rep. Charles W. Foley (D) of Pemiscot County was thrown out of the Senate by the Senate sergeant-at-arms, Turner Bryan.

The nearest observers said Foley punched Bryan. Foley admitted that.

Then the House came back for a night session. House members of both parties rose in a howling defense of Foley. The Senate, they said, should apologize to the House and should prove that feeling by firing Bryan.

The Senate, meanwhile, thought Foley could be glossed over if Foley apologized to the upper house.

The House got so wound up in its defense of Foley that leaders adjourned the session for the night. Hamlin, avowed foe of the sales tax increase, took no action to stop the boiling tempers. Finally, the House quit for the night and angry members walked almost

Primary Votes Give Battle To Republican

PHILADELPHIA (AP)—W. Thacher Longstreth, a 34-year-old advertising executive, won the four-sided Republican mayoralty nomination battle in Philadelphia yesterday in Pennsylvania's relatively quiet primary election.

The 6-foot-6, bespectacled former naval intelligence officer will run in November against veteran campaigner Richardson Dilworth, the Democratic nominee. This is Longstreth's first try for public office.

Dilworth, an unsuccessful gubernatorial candidate five years ago and former district attorney, had an easy time defeating William A. Paschall, wholesale meat dealer who ran with no visible means of political support. Democratic incumbent Joseph S. Clark Jr., a potential senatorial candidate next year, declined to run again.

Longstreth scored a 3-2 victory over George P. Williams III, a 35-year-old former deputy attorney general. Magistrate James J. Clothier and Oscar H. Newman.

The lack of a race of statewide interest kept the primary vote down to an estimated 35 to 40 per cent of the 2,745,322 Republicans and 2,110,643 Democrats eligible to vote.

With 1201 of Philadelphia's 1,504 divisions counted, Longstreth had 66,184 votes to 45,418 for Williams and 33,336 for Clothier. Newman received a negligible vote.

The voting was the first step in the buildup for the 1956 presidential campaign. Observers noted with interest the endorsement by GOP National Chairman Leonard Hall of Longstreth as the first step in GOP efforts to return Philadelphia and Pennsylvania to the party fold after the Democratic sweep of state offices last November.

The balloting gave no indication of a trend of approval or opposition to the first four months of Democratic Gov. George M. Leader's state administration.

Elsewhere in the state the organization-slanted candidates came through as expected with few exceptions.

Committee Defeats Speedy Price Action

WASHINGTON (AP)—By a one-vote margin, the Senate Agriculture Committee today beat back a move aimed at early Senate action on a House-passed bill to restore rigid, high-level price supports for basic farm crops.

The committee agreed, instead, to consider the House bill and the price support program generally at public hearings that could extend beyond the present session of Congress.

New York Cuts Costs

RENO, Nev. (AP)—The state of Nevada, which thinks it knows how to pinch pennies, got a lesson from wealthy New York yesterday.

Letters received by the Nevada Tax Commission from the New York Department of Taxation and Finance were enclosed in envelopes printed nearly a quarter of a century ago.

Lt. Gov. James T. Blair Jr., said that wasn't the way for gentlemen to act. The House members were coaxed outside. But they hung around as the Senate worked a while on routine bills.

Despite Speaker Hamlin--

House Agrees to Consider Embattled Sales Tax Issue

JEFFERSON CITY (AP)—The Missouri House agreed today to consider the embattled sales tax bill later today.

The action came despite Speaker Roy Hamlin's vehement declaration on the floor that the bill was "a fraud and a nullity."

Hamlin accused unnamed persons of drafting a copy of the bill. He said it is against the law to change or alter a bill and he said he was filing a statement with the bill later today putting down his position.

The floor fight came as a result of last week's departure from town

Legislature Passes Strike Control Bill

Up to Governor To Back Penalties He Has Strongly Urged

JEFFERSON CITY (AP)—It's up to Gov. Phil M. Donnelly now whether the strong penalties he once urged upon the Legislature should be used in the state's utility anti-strike act.

The House and Senate whooshed the bill through to final passage this week, the Senate Monday and the House yesterday.

There was little debate on the bill that Donnelly didn't have in mind. Instead, he asked the Legislature to extend the stringent sections of the 8-year-old law to other industries besides the vital utilities it was intended to keep in operation back in 1947.

The bill would let a man quit work if the state seizes and operates a utility. Then at the time the utility is turned back to its regular management, the man could with state permission get his old job and work seniority back.

The bill also provides that management would lose to the state the cost of operating its utility during state seizure.

Also passed and sent to the governor was a bill to increase state aid for local roads. It would increase the maximum for state aid for maintenance from \$50 to \$100 a mile and would allow use of state aid for construction or repairs of bridges, with no limit on the amount.

But the bill no longer carries a provision for earmarking the sales tax on automobiles for the purpose.

The House passed and sent back to the Senate a bill setting up workmen's compensation offices in Cape Girardeau and Joplin.

Wife Claims Hubbie Sneaked Out of Jail Frequently In Case

BOSTON (AP)—Clarence Merriam, 41, of Springfield, disputes his wife's claim that he used to get out of jail nights and fathered their daughter Carol Ann, now 2½.

He contended in Municipal Court yesterday that the girl could not be his because he was in jail for drunkenness.

Mrs. Florence Merriam, 22, seeking support of the child, told Judge George W. Roberts: "He used to come home a lot at night" from the Berkshire County Jail at Pittsfield.

Merriam retorted: "I only sneaked out once and that was back in 1950. They caught me and put me in a place where I couldn't get out any more."

Judge Roberts suggested a grand jury probe in connection with Merriam's testimony about "sneaking" out of jail.

Bids Asked for Work On SAFB Construction

JEFFERSON CITY (AP)—The State Highway Commission announced today it would accept bids June 2 on an estimated \$2,300,000 worth of highway work, mostly on supplementary roads.

The major system jobs would total a little over half a million dollars in four projects. They include 2.1 miles of 22-foot asphaltic concrete paving to provide access to the Sedalia Air Base from U.S. 50 near Knob Noster, in Johnson County.

of little moment. But both sides admitted that the bitterness that foamed up in a few minutes could cause serious trouble.

Veteran Sen. Michael Kinney (D) of St. Louis, in the Legislature since 1913, said he never had seen such a disgraceful display.

"Sometimes they used to march in singing and laughing," he said, "but never like this."

Expects Results In Talks

Big 4 Conference Is Believed Door To New Peace Era, Ike, Dulles Report

WASHINGTON (AP)—The Eisenhower administration is preparing for a top-level Big Four conference with Russia in a belief it may prove that a "new dawn" of peace is breaking over the world.

President Eisenhower and Secretary of State Dulles made that clear last night in assessing — before television cameras — the meaning of recent shifts in Soviet policy, including the signing Sunday of an Austrian independence treaty. By that pact Russia is pledged to withdraw its troops from Austria.

Dulles predicted dramatic results from this pledge throughout Eastern Europe. Communist satellite countries like Czechoslovakia and Hungary will also want freedom, he said, adding that the joy of the Austrians over their freedom will be "contagious."

Dulles said that the acceptance of West Germany into the North Atlantic Treaty Organization has dealt the Soviet Union its "greatest diplomatic defeat" since World War II. The explanation of Russia's changed behavior, he said, may lie in a Kremlin decision to stop trying to block such developments and "conform to some of the rules and practices of a civilized world community."

But whatever the explanation from Russia's side, he said, the important point is that a "policy of strength and firmness and the standard of moral principle" is beginning to pay off for the West. If the West sticks to that policy, he said, "we can face the future with confidence."

He cautioned both against relaxation of armed strength and against the great danger, as he called it, of expecting too much from the prospective Big Four talks between Eisenhower and the Prime Ministers of Russia, Britain and France.

Excessive hope now, he said, might result in disillusionment, dismay and even a war psychology later on.

Eisenhower, who interrupted, Dulles' report to the nation from time to time with comments of his own, broke in to say he thought "the American people are pretty well aware of what is going on" and that they show "greater maturity" about negotiating with Russia than was expectable several years ago.

Airman Fatally Hurt In Stop-off At SAFB Monday

A/IC Richard T. Nagle of the Third Strategic Support Squadron at Barksdale AFB, Louisiana, was fatally injured Monday afternoon when he fell from a C-124 Air Force Cargo plane at the Sedalia Air Force Base, Nagle died at the St. Luke's Hospital in Kansas City at 3:30 a. m. Tuesday where he was taken from the Sedalia Air Force Base hospital.

The airman had arrived at the SAFB Monday to load cargo. While the cargo was being loaded, Airman Nagle fell from the aircraft, striking his head on the concrete ramp.

He was rushed to the base hospital where Dr. R. J. Caffrey of the Base hospital reported the injured man suffered multiple fractures of the skull and a broken arm and a broken collar bone. He was given emergency treatment and then rushed to the St. Luke's hospital at Kansas City.

He is survived by his parents, Mr. and Mrs. Ed. C. Nagle of Arlington, Mass.

Future Homemakers Give Banquet In Honor of Mothers

The Future Homemakers of America of the Pilot Grove High School held their annual mother-daughter banquet Thursday evening with 80 persons attending.

The gym was decorated as a garden with trellises covered with vines and flowers and four large Maypoles with pastel colored ribbons.

The tables were covered with white cloths bordered with red roses. On each table was a miniature Maypole to which each place card and nut cup were joined by ribbons.

Interspersed with the Maypoles were bouquets of American Beauty roses. Each mother was presented a rose at the conclusion of the program.

The banquet was especially given to honor the students' mothers and the program carried out the theme "Mother: 'Most Thankful,' Alice Day; 'Our Welcome,' Dorothy Templemire; 'To the Future Homemakers,' Mrs. Phillip Day; 'Here's to Our Mothers,' Margie Schupp and Shirley Thomas, accompanied by Jeanette Krumm; 'Respect for Our Mothers,' song, 'What a Friend We Have in Mother.'

The meal was prepared by the FFA girls, Mrs. Beckner and Mrs. Phillip Day. The FFA boys served.

During the evening Mrs. Harold Stahl, home ec instructor, presented Alice Day with an award as the Future Homemaker of America for 1955.

The evening was spent playing games under the leadership of Shirley Schrader, Betty Boggs, Darlene Zeller and Mrs. Stahl.

Entertain With Party For Army Enlistees

Mrs. Lucy Swope of Lodgeview Cafe, Route 4, entertained with a wiener roast and party Monday night, May 9, at her cafe in honor of Alfred J. Mittenberg, Richard L. Sprinkles and Darrell D. Richards, who enlisted in the U. S. Army. Guests numbering 100 from the Bothwell and Hughesville communities attended.

Another wiener roast honoring the three boys was given at Liberty Park Tuesday night, May 10, by the Mt. Herman Baptist Church of which they are members.

The church presented each of the boys with a traveling case and a pen as a going away gift.

The three young men reported to Kansas City Thursday, May 12.

Evangelical Church Has Annual Mother And Daughter Banquet

The Ladies of Immanuel Evangelical and Reformed Church observed their annual mother-daughter banquet Tuesday night in the church dining room. Some 130 mothers, daughters and guests attended.

Mrs. Hersel Bremer gave the invocation and Mrs. Orville Perkins extended a welcome to everyone. Miss Mary Louise Schenk recited a poem, "Tribute to Mother" and Miss Esther Meisenheimer sang a solo, "Mother and Home". Miss Meisenheimer also showed two films, "Realm of the Wild" and "Sun Goes North".

Mrs. Rebekah Busch received a plant for being the oldest mother in attendance and Mrs. William Altis, the youngest mother, also received a plant. A bouquet of roses was presented to Mrs. Oscar Oehrke for having the largest number of daughters present. Five of her daughters were present.

Patron framed in glittering bell shaped ornaments. Stars representing the star point colors encircled the bells.

Preceding the reception a dinner was served in the dining room of the Masonic Temple. Mrs. Richard McKinney acted as toastmistress. The tables were decorated with glittered bells and pentagons with green candles and copper nut cups.

Gifts were presented to the distinguished members by Mrs. Wilford Creed. Arrangements for the affair were made by Mrs. Norris Steenberger, Jefferson City, who is district deputy of the district. Mrs. Ott Roedel, Worthy Matron and Everett Wilson, Worthy Patron of California Chapter No. 521.

The 13 billion dollars that the United States spent for defense in 1947 was a larger dollar total than it spent for military uses in the peak year of World War I.

Home Improvement Lesson Presented By Mrs. T. Raines

"New materials in the home," the home improvement lesson for the year, was presented by Mrs. Thomas J. Raines at the May meeting of the Neighborly Neighbors Extension Club, when it met with Mrs. Marvin Schell. Samples of various materials such as fiberglass marquisette, elastic backed plastic upholstery and cotton treated with zelon to make it water repellent, were shown, and their advantages and disadvantages given.

Roll call was answered by giving a household hint. The club voted to give fifty cents toward furnishing the 4-H clubs with uniform labels for their achievement day exhibits. Mrs. Irvin Smith, club president, reported on the April council meeting. All clubs, in observation of National Home Demonstration Day, are to fill out questionnaires on family consumption of milk, and that was done at this time. Then a quiz game, "What do you know about milk and cheese?" was led by Mrs. Ed Werneke. This brought out such facts as "milk should have a place in the reducing diet," and "thunder and lightning do not cause milk to sour." Mrs. Zimmerman's letter was read by Mrs. Myron Harper.

Wrong Verdict

SAN DIEGO, Calif. (AP)—Immigration officer Armand Hysette, star prosecution witness at a federal court trial, stepped into the corridor for a smoke while a jury was being chosen.

Five minutes later he returned to the courtroom and stared in amazement as Judge Jacob Weinberger asked a jury to announce its verdict.

"Your Honor," blurted Hysette, "there hasn't even been any testimony yet! How can there be a verdict so soon?"

The jurist laughed and told Hysette that while he was smoking, a different jury had returned with a verdict in another case.

Square Dance Patter

Sedalia Square Dance Association will meet at the Smith-Cotton High School Cafeteria Friday with Red Warrick, Kilgore, Tex. Warrick is one of the top callers and writes some of his own square dance numbers.

The Sedalia Square Dance Association is arranging to present a refresher course for the square dancers in the community who have completed basic courses but who, for various reasons, have not continued square dancing.

The course will be organized to familiarize this group with the current dances being called.

Ivan Berry, who is a director in the Sedalia Square Dance Association, has been given the responsibility of organizing this group and reports that a great many persons have already signified that they will attend the classes. Other interested persons are invited to see Mr. Berry in order to be included in this group.

There will be five dances in this series which will be held at Convention Hall, Liberty Park, starting Tuesday, May 31, at 8 p.m. The other dances will be Monday, June 6; Monday, June 13; Monday, June 20; and Monday, June 27.

The instructor will be Charley Gross of Kansas City, who has instructed a great many of the square dances in Sedalia and always has been well received because of his fine calling and instructing techniques.

Those persons who are unable to get in touch with Mr. Berry may go directly to the classes. It is anticipated that several of the local square dancers will also attend.

Graduation Held May 10 Fetes Cartwright Class

Graduation exercises were held at Cartwright School on Tuesday night, May 10, with the Rev. Harley W. Chaney delivering the address on the importance of the individual. He also brought out the fact that while diplomas would help them to obtain positions in life, only their own abilities and efforts would enable them to retain and advance those positions.

Mrs. Grover Meeker was at the piano for the processional. Betty Ann Greer was flower girl, and the Rev. Chaney gave the invocation. A solo, "My Task," was sung by the Rev. Gilbert Hulme preceding the address, and "The End of a Perfect Day" by James Renison at the close. Mrs. Virgil Ellis presented the diplomas to the graduates, Evelyn Pirtle and Darrel Todd.

The benediction was pronounced by the Rev. Hulme.

Pink and brown, the class colors, were used in decorating the school room in addition to spring flowers.

Mrs. J. E. Kent has been the teacher at Cartwright during the past year.

Six Missourians Are Among First to Enter New Air Force School

WASHINGTON (P)—Six Missourians have been selected for the first class of the Air Force Academy, opening July 11 at Lowry Air Base, Denver.

The Missourians are among 301 cadets selected by the Air Force from more than 6,000 nominated by members of Congress to take the competitive entrance examinations.

The Missouri cadets are Howard Dale Davis, Missouri University, Columbia; John Richard Hayes, Kemper Military School, Booneville; Thomas Carl Hendricks, St. Louis; Richard Albert Mason, Columbia; Melvin John Metz St. Louis; Dennis Ray See, St. Louis.

The academy will operate at Lowry until its home at Colorado Springs is ready for use, expected in the fall of 1957.

Ike to Visit Upstates

WASHINGTON (P)—The White House announced today that President Eisenhower plans a six-day visit to Vermont, New Hampshire and Maine starting June 22.

It said the plans are subject to possible change, however, depending on developments in the international situation, such as arrange-

ment for a top-level Big Four conference at that time.

Life Behind the Iron Curtain Portrayed In Library Movie

Life behind the iron curtain is clearly portrayed in "Peoples of the Soviet," an important and newly revised documentary film, currently available at the Sedalia Public Library. Thirty-three minutes in length, it covers much information about the USSR — its geography, cities, varied peoples, occupations, and cultures.

"Government Is Your Business," sponsored by Christophers, Inc., will also be of interest to adult and young people's groups. It is a dramatic presentation of a young man who dared to show that corrupt government is due more to the weakness of good people than to the strength of evil-doers. It runs 27 minutes.

Other selections which may be booked for showing through June 9 follow:

"Ancient Egypt," ten minutes, color. Contributions to western culture are developed, especially in the spheres of agriculture, arts and sciences and religion.

"Atom and Industry," 12 minutes. Reveals how radio-isotopes are providing new techniques of measurement and quality control in various industries.

"Bicycle Safety," 11 minutes. Points out the responsibilities of the cyclist.

"Colonial Philadelphia," ten minutes. Shows many historic shrines and the important part the city played in our nation's founding.

"Don't Get Angry," 12 minutes, color. Attempts to show how this natural emotion can be managed in a mature way.

"The Honeybees," 20 minutes, color. Depicts the honeybee's

life cycle and its activities.

"Grey Owl's Little Brother," ten minutes. The story of a half-breed Canadian backwoodsman's friendship for a beaver.

"Picture-Making at the Gang Age," six minutes, color. Children of 10 and 11 make original and varied compositions close to their interests.

"Ugly Duckling," 11 minutes, color. The famous Hans Christian Anderson story is retold in authentic, charming style.

"Understanding Vitamins," 14 minutes, color. Graphically explains what vitamins are, how

they work and why they are necessary for good health.

The public library's film-lending service is provided for the benefit of citizens in the community through the organizations to which they belong. Churches, schools,

clubs and all other organized groups are entitled to borrow these 16 mm. educational sound films without charge.

Informer Tips Off Plan To Rob Cash Car

LAS VEGAS, Nev. (AP)—Police said an informer's tip thwarted an elaborate plot to rob the U.S. mail of a large amount of gambling casino money last night.

Police Chief A. H. Kennedy said five persons were taken into custody, including a Las Vegas police officer and his attractive red-haired wife.

He said an informer told him two weeks ago of a plan to rob a police car delivering a load of cash from the Las Vegas post office to the railroad station.

Postal authorities said the police car had been scheduled to carry a "very substantial amount of money" destined for San Francisco. There were reports it would have amounted to half a million dollars but postal authorities would not verify this.

Several postal inspectors from California and Nevada hid with 22 policemen in the vicinity of the post office. No attempt was made to halt the police car, which because of the tip carried no money. However, police arrested Las Vegas policeman George Anderson, 31, and his wife Joyce, 24, a casino cocktail waitress, in front of the post office.

Kennedy said Robert Schomer, 29, an electrician, was arrested behind the post office. The three were booked early today on suspicion of conspiracy to rob the mail by force. Two other men were taken into custody for questioning and a sixth person is being sought.

American Fishermen Fight For Freedom of High Seas

SAN DIEGO, Calif. (AP)—American fishing vessels today are engaged in a conflict over freedom of the seas.

Shots have been fired and one man, William Peck, 42, Seattle, Wash., seriously wounded.

The conflict is over the claim of Peru, Ecuador and Chile to sovereignty for 200 miles off their shores. It is complicated by increasing competition from Japan for the U. S. consumer market.

The American tuna vessels have extended their range to reach virgin fishing areas south of the Equator. Some have moved their base of operations to South America.

Eight vessels flying the U. S. flag have been seized by Peru and Ecuador. Their owners have been fined a total of more than \$85,000 to obtain release of the ships. The U. S. State Department has protested and Congress has reaffirmed this country's position that

Lamine, charged with driving a car while under the influence of intoxicating liquor, forfeited a \$100 cash bond when he failed to appear in police court. Armstrong was arrested in the 300 block on South Lamine.

It was a second time Armstrong has forfeited a bond for driving a car while under the influence of liquor. The bond at that time was \$75.

Eleven overtime parkers who failed to appear in court forfeited their cash bonds of \$1 each. Twenty-nine overtime parking violators who reported to police headquarters within half an hour after getting a ticket paid the 25 cent fee.

Bank Manager Gets His Man After Fast Chase Through Town

DETROIT (AP)—The husky manager of a newly opened suburban bank singlehandedly captured a lone gunman who held up the bank and fled with more than \$2,000 in cash.

When the gunman drove away from the St. Clair Shores National Bank late yesterday, Manager Bernard St. Germain vaulted over the counter, raced to his own car and gave chase.

For a mile and a half at speeds up to 70 miles an hour, the two cars flew along busy thoroughfares.

Then a cement truck lumbered into an intersection and the robber's car plowed into it. St. Germain shouted to bystanders:

"Grab that man; he just robbed a bank!"

Nobody moved, so St. Germain grabbed him himself. He held the man until police arrived, then picked up the money which had spilled into the street.

"I just couldn't see letting him get away Scot-free like that," St. Germain said.

Jaycee-Ettes Hold Banquet For Officer Installations

The first installation banquet of the Sedalia Jaycee-Ettes was held Tuesday night at the Old Missouri Homestead. Mrs. Harold Barrick was installed as president. Other officers installed were Mrs. Henry Lamm III, vice-president; Mrs. Claude Deininger, secretary; and Mrs. Jim Green, treasurer.

Barrick Tells Optimist Club About C-Palsy

Harold Barrick, president of the Pettis County Cerebral Palsy Association, was the speaker at the Optimist Club Tuesday noon at Bothwell Hotel, at which time he told of cerebral palsy which he described as not a disease but a condition.

Cerebral palsy, he said, is an injury to the brain that prevents movement of muscles controlled by that particular part of the brain. It may be caused by an injury at birth or some accident in later life. Once this condition exists, he said, there is no cure up to this point.

Barrick went on to explain that through constant training and therapy it had been found that another part of the brain may be trained to take up the work of the part of the brain which was affected. During the past seven years, he said, a great deal of progress along this line has been made and doctors now can tell what part of the brain is injured.

There are about 25 children in Pettis County who are cerebral palsied children, Barrick said. It was in 1953 that the West Central District Cerebral Palsy Association was formed with seven counties. Two of these counties now have their own local organizations, Pettis and Saline. Pettis County Association has been active since 1955.

In the past four or five months a very successful program has been started and in the school are children from six years to 17, being given speech instruction. A six-week course is being started for pre-school age children. It is necessary to have clinical diagnosis by doctors and therapists, and through the Bothwell Hospital Board the use of the basement has been granted to the Cerebral Palsy Association, the Crippled Children Association and the National Foundation for Infantile Paralysis which it is hoped may be set up as a clinical and therapy center, Barrick said.

Members of Painters, Decorators and Paperhangers of America, Sedalia Local No. 786, have donated their time and work to redecorating the basement for the clinic. One evening there were 21 painters working there at one time.

The Lions Club contributed \$500 from the proceeds of the Fashion Show to the Cerebral Palsy Association and a number of other money raising projects have been planned by organizations including an ice cream social this month.

The postmen plan to walk their routes a second time for contributions from the people they serve, Barrick said, and he pointed out that May has been designated as Cerebral Palsy month.

A film was then shown by Louis Payton which told of the work in which everybody, even the teen-agers, banded together in Seattle, Wash., to set up and keep going the Cerebral Palsy program in that city. The pictures also showed the results from this program. Narrator was Bob Hope, national chairman of the Cerebral Palsy Association.

The meeting was presided over by Charles Hurt, vice-president, and was opened with invocation by the Rev. J. W. Watts. Singing was led by Charles Hanna with Miss Lillian Fox at the piano.

Dr. Ben Klein, program chairman, introduced the speaker.

OBITUARY

Plumer M. Kahrs, 68, former Sedalia, Kansas City, a resident there about 50 years, died Tuesday at St. Luke's Hospital after a long illness.

Mr. Kahrs was for many years a real estate salesman for the Farm and Home Savings and Loan Association. He was born in Pettis County and moved to Kansas City when a boy.

Surviving are two sons, Jack N. Kahrs, Chicago, and Plumer M. Kahrs, Jr., Kansas City; a brother, Dennis G. Kahrs, Kansas City, and a sister, Mrs. Mary Norris, Parsons, Kan.

Services will be held at 11 o'clock Thursday at the Newcomer chapel, Kansas City. Burial will be in Mt. Moriah Cemetery.

To Hold Benefit At Kindergarten For Palsy Fund

On May 20, parents, students and teachers of the K-Jo Kindergarten will combine their efforts in holding an ice cream social for the benefit of cerebral palsy. The past two weeks the group has been engaged in selling tickets for the affair which will be held on the lawn of the K-Jo Kindergarten at 1620 South Beacon between 5:30 p.m. and 8:30 p.m.

The ice cream social will be one of the first benefits given towards the raising of funds for the 1955 campaign of the United Cerebral Palsy of Pettis County, Inc., it being noted that a number of other organizations throughout the county have volunteered to assist in raising funds.

Mrs. M. E. Rhoads, Jr., and Mrs. D. S. Lamm, Jr., operators of the K-Jo Kindergarten, have announced that in the event of rain on May 20, the ice cream social will be postponed until the following night, Saturday, May 21.

Jailbreak

(Continued from Page 1)

mond Thomas Nichols, who said he heard the noises about 2 o'clock, but he went on back to sleep.

The absence of his brother apparently didn't bother him too much, and he remarked "the percentage of getting out wasn't enough for jail breaking."

It was learned later Wednesday that Nichols, with Rossi's red-headed girl friend, Josephine, called at the home of his mother and later one of his girl friends in Marshall where he borrowed a little money. He told them, according to the report, he was out on parole.

Sheriff White said the lock on the cell was picked and Nichols and Rossi got out there, then climbed up between the wall and cell and knocked the hole in the wall through which they gained their freedom. Nichols went out first and when Rossi got stuck he went on and left him. He knocked out a basement window to get into the furnace room through which he went to get to the women's quarters. He got the lock on the Fenton woman's cell open and

then departed out the back basement door.

Nichols and his brother were apprehended on April 13 on South Highway 65 after they were chased from Cole Camp by V. D. "Walt" Weymuth, owner of the W. K. Garage, and Night Marshal Boyd Dump. The car the brothers were riding in overturned in a ditch and they were caught and turned over to Sheriff White and Trooper Means.

Rossi and the woman were held in connection with the robbing of the Lincoln Hardware and Implement Co. last April.

Keeping Cool With Trees...

Air conditioners and electric fans of today provide more comfort than the hand-powered palm leaf fans of yesteryear. Yet somehow people lived through those days of perspiration.

Could it be there were more trees to help cool Sedalians then? Old timers are of the opinion the younger generation is not tree-conscious. If they buy an old property they cut down the trees; if they build a new home they don't take the trouble to plant a twig or two that might grow into shade trees.

Trees have tremendous cooling influences. Planners of homes should consider this. Trees have a great capacity for preventing the passage of solar heat to surfaces under the foliage canopy. The main reason for this is that most of the solar energy is used in photosynthesis and in transpiration, according to the National

Arborist Association. That is something for us tree-growers to look up, including the observation that part of the solar heat is lost by convection and part by radiation.

On the other hand, bare soil as well as other materials such as stone and pavement absorb great quantities of heat, later radiating it back into the atmosphere. So we have hot nights. Such materials need shade thus transferring the heat level to the upper layers of tree foliage instead of near or close to ground surfaces.

Big shade trees may not solve the entire cooling problem of Sedalians, but they will go a long way towards helping—and cut down on the necessity of running fans and air conditioners at maximum potential.

Despite the fact trees have certain nuisance features, their utility and beauty favor the planting of more of them around homes—new and old—in Sedalia.

For Careless Drivers, Postscript On Polio

With the discovery of the Salk vaccine civilized mankind rejoices at the prospect of another conquest over death and disease.

But automobile accidents remain as the greatest cause of untimely death in the United States today. Accidents kill and maim more people in the United States each year than any other single factor. As President Truman once pointed out, more Americans died in automobile accidents on this nation's highways than died, during the same period, in the Korean war.

How can automobile accidents be prevented? Everyone knows the answer. Only by an unselfish

consideration for others by not driving when drinking, by not speeding when in a hurry, by not passing red lights and cutting corners. It seems to be harder for people to be wise and unselfish about their immediate wants than it is for them to give a dime towards the march on polio campaigns. This sad fact should be kept well in mind during the coming summer months, when so many Americans are out driving on the highways. As the public safety slogan goes: "Drive carefully. The Life You Save May Be Your Own!" This is the only preventative against highway deaths. No vaccine—no matter how costly—is available!

The Washington Merry-Go-Round--

Eisenhower's Subversive Board Appointment

By DREW PEARSON

WASHINGTON — It looks as if the boys who run things for Ike at the White House either didn't do much screening or else don't care what kind of Democrats they appoint on certain commissions, where, under the law, they have to appoint Democrats.

They have just appointed to the subversive control board, a vital body which rules on loyalty and subversives, an ex-congressman from Georgia, John S. Wood, who ordinarily might have some difficulty passing a test for a government job.

Here is his record: When Ralph Stanfield, a teenage boy of Tate, Ga., was seriously injured by an Army truck on Jan. 23, 1944, Congressman Wood introduced a bill, as is customary, compensating him for \$10,000. On this his law office collected a fee of \$1,000. . . . This is against the law. A congressman is paid a regular salary to introduce legislation. He is paid by all the taxpayers and is not permitted to collect from any one individual taxpayer no matter how many favors he does. Any such fees are a penitentiary offense. . . . However, here's how the fee was paid. First, Charles Holcombe, according to a statement by Mack Stanfield, father of the injured boy, suggested that part of the \$10,000 be paid back to Congressman Wood. Later, Carl Tallant, the congressman's law partner in the firm of "Wood and Tallant," suggested a fee of 10 per cent. Tallant, not only was Wood's law partner, but got a salary from Uncle Sam of \$7,022 as Wood's assistant, and handled law cases from the vantage point of Wood's office. This in itself is highly unusual if not unethical. . . . So Tallant made out a check for \$1,000 and Mack Stanfield, father of the crippled boy, signed it. . . . I have a photostat of the check, dated Sept. 13, 1947, on the Bank of Canton, Ga. . . . It would have been easy for the FBI to verify this. Furthermore, Wood once admitted it publicly on the floor of Congress. Yet Eisenhower appointed him anyway.

Free Servant — Here's more of ex-Congressman Wood's record: William Fowler, a Negro servant, has been attached to the Wood family for years. When Wood became chairman of the un-American Activities Committee in July, 1945, he shifted Fowler from his personal payroll to the government payroll as committee "janitor." . . . Actually,

janitorial services on Capitol Hill are performed for every congressman by a special corps. But Fowler got paid \$191.86 monthly, though spending most of his time at the congressman's home. . . . On Jan. 4, 1947, he went off the payroll. Why? The Republicans took over the 80th Congress and they didn't feel a janitor was necessary. . . . Par-nell Thomas of New Jersey, who followed Wood as chairman, padded the payroll in various ways and ended up in jail.

Mail Routes — A congressman is supposed to recommend the award of mail routes on merit, not because of any fee, direct or indirect. . . . Here is how Congressman Wood awarded them, as told in a sworn affidavit by Weldon C. Bennett of Canton, Ga. . . . He took an examination for rural mail carrier in June, 1949, and two weeks later went to see C. D. Holcombe, secretary to Congressman Wood. . . . "I offered C. B. Holcombe \$1,500 for said route," Bennett states. Mr. Holcombe is the secretary who originally approached the elder Stanfield about the \$1,000 fee. . . . Two other sworn affidavits signed by Ralph Clark of Flowery Branch, Ga., and Harold W. Puckett of Buford, Ga., state that in September, 1949, Congressman Wood told them he was awarding the Flowery Branch mail route to Homer Reeves because of the large fee he had received in connection with a lawsuit brought by Reeves' father in breaking the will of the late Dr. George Bryce. . . . Reeves stood sixth on the eligibility list.

Congressional Sobriety — Here are more facts that could have been ascertained by the FBI or the White House before appointing Wood to a key job in which he passes upon the conduct of his fellow men. . . . When Wood was solicitor general of the Blue Ridge judicial circuit, a sworn affidavit shows that the local sheriff "arrested the said John S. Wood while the said John S. Wood was drunk, and placed him in a room in the Mashburn Hotel in Cumming, Ga., and held him there 24 hours and that the opening of the superior court of Forsyth County was delayed from Monday morning to Tuesday morning while the said John S. Wood sobered up and got in condition to perform his duties as solicitor general." . . . If this had been an isolated case it would not be mentioned here. But as a congressman, Wood was so under the influence of liquor during one important debate on his own substitute for the Taft-Hartley bill that ex-Speaker Joe Martin and Congressman Charlie Halleck of Indiana had to substitute for him. His own "Wood bill," tougher than the Taft-Hartley act, was being debated. Yet, though he was sitting in judgment on millions of American workers, he had to do so from a reclining position on a couch in the House cloakroom. Though he managed to appear on the floor to vote, he retired to the couch immediately afterward. . . . Now he's been picked to pass upon security and subversive matters for all Americans.

Communism In Hollywood — As chairman of the un-American Activities Committee, Wood was supposed to probe alleged Communism wherever he found it, including Hollywood. However, when his committee started to probe certain Hollywood film writers in 1945-46, Louis B. Mayer, head of Metro-Goldwyn-Mayer, hired an obscure Georgia attorney, Edgar Dunlap, living in Congressman Wood's district. Mysteriously, the Hollywood probe was postponed. . . . Later the Republicans took over Wood's committee and the probe went forward. However, attorneys for film writers Robert Kenny and Bartley Crum were informed in advance by attorneys for the film industry that Congressman Wood would ask friendly questions. . . . The official record of the hearings shows that Wood did. He fell all over himself to be nice, kind, and gentle. . . . The current question is: Would Wood be especially kind to others brought before the subversive control board if they hired a lawyer from his district in Georgia?

Attention was called by several to the condition of walks in various parts of town, even on Broadway. In some instances, it was stated, during a rain it is impossible to prevent getting wet feet due to the holes in the walk or other faults in construction that permit the water to collect to a depth of several inches. Others told of walks it is impossible to use because of the shattered surface. In one instance on a downtown side street the walk slab sits at a 45-degree angle.

Much of the trouble has been caused by the roots of growing trees, it was explained. In other instances the pavement has been broken by heavy vehicles.

As a matter of information it should be stated that the repair and upkeep of a sidewalk is a responsibility of the owner in front of whose property it is located, although actually the walk is on city property.

Also as a matter of interest, the city has the authority, and has exercised it a few times in the past, to force the repair of existing walks and the building of new ones, and the property owner must pay the cost.

It has been suggested in the past that the city might well undertake a general sidewalk rebuilding program. Construction of just one walk is not considered profitable by contractors, but if several could be included in one joint offering, the cost might not be as great and contractors likely would be interested.

There have been instances when people have been injured, some of them seriously, in falls due to faulty sidewalks. This fact, coupled with the one that people deserve an unobstructed surface on which to walk, would indicate that a sidewalk construction program would not be amiss at this time.

As Sedalia Sees It--

Took a Woman to Face What To Do If Ike Wants to Quit

By Esther Van Wagoner Tufty
Washington Correspondent

WASHINGTON—It took a woman to face realistically the question: "What should GOP do if Eisenhower does run for reelection?"

The only woman Senator, Margaret Chase Smith, admitted she didn't have "the slightest idea" whether the President would prefer to retire but suggested her Republican party do something in a hurry about two things:

1. Build up the popularity of Party and stop leaning too heavily on the popularity of the President.

2. Poll top Republicans as to their choice "next to Eisenhower."

Senator Smith's remarks were frowned upon by some of the GOP women who have been holding a national conference here with "I Like Ike" as the theme song.

The Maine bombshell came right on top of a burst of superlatives for Eisenhower from Republican House leader Joseph W. Martin.

"We don't want to put all our eggs in one basket," said Senator Smith, who also said she hoped with all her heart that Eisenhower would run.

She also suggested a poll on Vice-Presidential candidates, too, just in case. (Some recalled she was mentioned as a likely Vice-Presidential candidate at the last GOP convention.)

An incomplete poll brought up only four names: Chief Justice Earl Warren (who has refused to consider it); Senator William Knowland; United Nations Ambassador Henry Cabot Lodge; Vice-President Richard Nixon.

The only other shock came from Senate Republican leader William Knowland, who is willing to be a "next to Eisenhower" choice. It wasn't the first time he has differed with an Eisenhower policy but his reference to the proposed Big Four conference "as leading to another Munich or Yalta" had a stunning effect.

US Is Puzzled By Russians

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—The American government doesn't know what the Russians are up to. That point stands out clearly in Secretary of State Dulles' talk to the nation.

Lately the Communists have been mild and to a degree cooperative. They let Austria have independence. They have agreed to talks among the Big Four powers—the United States, Britain, France, Russia — at the highest level. Why?

Dulles doesn't know. He frankly expressed puzzlement by their motives in his broadcast last night from President Eisenhower's office. Although Eisenhower said a "new dawn may be coming," he and Dulles cautioned against expecting too much of the talks.

Dulles and Eisenhower, both of whom had been frigid for years to a top-level meeting with the Russians, will now both meet with them. Neither man has shown much enthusiasm for the idea.

DEATH OF A LEGEND

By WILL HENRY

Copyright 1954 by Will Henry. Used by arrangement with Random House, Inc. Distributed by MSA Service.

XXXIII
IN September, 1879, three years to the month from the disaster at Northfield, a telegram went from Kansas City to the Chicago headquarters of William Pinkerton, now replacing his famous father as head of the agency. It was unsigned and consisted of five unqualified words: "HE IS BACK IN MISSOURI."

By now he knew his man and he knew his methods. Thirteen years on the trail drew instantly into spotlight focus. The team fell mercilessly upon Clay and Jackson counties.

In the late twilight of Oct. 7, 1879, Jesse "returned."

The scene was Blue Cut on the Chicago & Alton Railroad near Glendale, Jackson County, Mo. There were six men in the gang. The old guerrilla method was employed.

The horses thundered into Glendale on the dead run. The rebel yells echoed, guns roared, the window glass crashed and fell. The employees at the depot were pistol-whipped, herded into and locked in the baggage room. The train was flagged down, boarded. William Grimes, the express messenger, sought valiantly and in vain to hide the \$35,000 in his charge. He was beaten senseless and left for dead. The escape was as complete and successful as had been the assault. There was no attempt to "take the coaches."

Witnesses by the score were dragged out of the Clay and Jackson county back country. Fearful testimony was given and taken in secret. The old immunity was broken and within 24 hours the Chicago office released a bulletin naming the new gang: Jesse James, Ed Miller, Wood Hite, Bill Ryan, Dick Liddell, Tucker Basham.

Where, indeed, were the magic names of old?

But sorry crew or not, \$35,000 in very real money were missing.

And missing with that money, shadowy and swift as ever the old, glorious band was, were Jesse and his new recruits.

For months the border was quiet. Then a sudden, smoldering flare sprang to life.

Big George Shepherd, comrade of the "Bloody Bill" Anderson days, was released from the Missouri State Penitentiary. A legend came back to life, a forgotten era reincarnate. Big George strode briefly and shadow-tall across the darkening stage.

His last statement on entering prison had been to Yankee Bligh, the Pinkerton detective who had trailed and jailed him, following the Russellville robbery. "I don't know any of the men who were with me."

But the gray-walled years had changed Big George's mind. On his release, he went straight to the office of the Kansas City marshal. That astute officer, listening to his proposition, furnished him with a fake newspaper clipping purporting to relate how Shepherd, unwavering in his allegiance to his noble bandit pals of yore, had become the object of a widespread manhunt by the very officials he was working with. With this sorry bait, Big George is supposed to have sought out his former outlaw comrades.

Weeks later he returned to Kansas City and the headlines blared his triumph.

JESSE JAMES IS DEAD!

Shepherd's story was simple. Jesse and the boys had welcomed him heartily. At the opportune moment, he had got Jesse to one side, alone, and shot him.

For William Pinkerton the tale was too simple. Bulldog-wise, he demanded a body. None was forthcoming. The Pinkerton office refused the ex-guerrilla's

claims, giving wide publicity to their clear discrepancies. For some time the official Pinkerton viewpoint was given broad public acceptance in Missouri. These people knew Jesse James. You did not just walk out and take Dingus with a fake clipping.

But then the months rolled on. There was no more Jesse.

Cuss it all, maybe old George had got him. Maybe he had shot Dingus after all. You had to admit George had been a member in good standing as of the Russellville, Ky., job. And that he had taken his medicine for that job without squawking on Dingus or Frank or any of the others. Maybe Jesse had been glad to see old George. Maybe he had welcomed him into the new gang, just the way Big George told it. Maybe Jesse James was dead.

WILLIAM PINKERTON shook his big head and thought otherwise.

As he did, 1880 wore away. Then 1881 eased past January, crawled through February, and started into March.

In the first week of that month the gang, with Frank back at Jesse's side, struck like lightning and far afield: at a stagecoach outside Muscle Shoals, Ala.

It was a feint, only.

On July 10 the first of the real blows fell: on the Davis & Sexton Bank in Riverton, Iowa—to a net result of \$5000 and a spot-clean getaway.

But now the Pinkertons had their man back in the glare of the searchlight. All-points bulletins were dispatched into the five key states of Iowa, Missouri, Kentucky, Tennessee and Texas. In these bulletins Pinkerton tersely warned his operatives:

"Missouri, the home state, is no longer safe for the gang. Its backwoods hideouts are all under 24-hour Agency surveillance. Its local peace officers are at last alert under an anti-James administration. Jesse James is on a last, desperate raid to make a final, king's ransom killing and perhaps quit the outlaw trail forever. . . ."

Dr. Jordan Says--

As a Rule Inflammation Of Bladder Can Be Controlled

By Edwin P. Jordan, M. D.

Inflammation of the urinary bladder is known medically as cystitis. The most common symptoms include the presence of pus in the urine, pain, and frequent urination. When cystitis develops suddenly, as it often does, chills and fever are likely to be present. The victim may suffer from sleeplessness and loss of weight.

The kind which comes suddenly is known as acute cystitis, and the difficulty usually starts near the base of the bladder, but shows a tendency to spread to other parts of the lining membrane of

this organ. The wall of the bladder becomes inflamed and is swollen and bright red in color. Regardless of whether it is caused by germs or by chemicals, the best treatment for acute cystitis is to try to find the exact cause and remove or treat it.

Chronic Cystitis, a condition in which there is long-lasting inflammation of the wall of the bladder with perhaps pain at intervals and pus either constantly or off and on, is another common problem. This often follows acute cystitis.

In such cases expert study not only of the bladder itself, but of the surrounding tissues including the kidney, must be carried out. One important study can be made by using an instrument with lights and mirrors called a cystoscope. This is passed into the bladder through its external passageway so that the physician can look directly at the bladder wall.

As a rule Cystitis or inflammation of the bladder should be considered as a symptom of something wrong elsewhere rather than as a disease in itself. With modern methods, and especially by treatment with some of the newer antibiotic preparations, most cases of cystitis can be brought under control.

Symptoms of Cystitis are not harmless and rarely go away by themselves. It is fool-hardy to neglect them since serious complications can develop in time. Furthermore most varieties of cystitis are easier to treat successfully in their early stages than if they have existed for a long time.

Franklin EQ 335 Screw Worm Remedy

Franklin EQ 335 Screw Worm Remedy is produced from the formula developed by the Department of Agriculture after considerable experimentation in the Texas area. This formula utilizes the qualities of Lindane for its action as a quick killing agent. In combination with pine oil Lindane is carried to all parts of the wound to exert its action. Pine oil is somewhat irritating to screw worms, causing them to wiggle from the wound to leave it clear for quicker healing. Pine oil has bactericidal values as well.

This smear offers definite advantages over other smears . . . It is cleaner to use, leaves a softer covering over the wound, thus aiding in more rapid healing.

W. N. Riddle, Miss Beulah Peoples, Miss Dora Eichholz, Mrs. Mildred Brauer and Mrs. Evalena Anthony, school faculty, accompanied the pupils to Liberty Park for a picnic Thursday.

The pupils returned to school

Personal Notes From Houstonia

By Miss Mary E. Tevebaugh

HOUSTONIA — The Rev. and Mrs. W. J. Cox spent several days in Jefferson City with their daughter, Mrs. Paul Adams, and family. Mr. and Mrs. Charles Parkhurst and two children, Mt. Vernon, were guests Sunday of Dr. and Mrs. C. L. Parkhurst.

Mrs. George Janisch of Olathe, Kan., is a guest of Mrs. Martin Benning and Mr. Benning.

Mrs. G. H. Tevebaugh and Miss Mary E. Tevebaugh spent Thursday and Friday with the Rev. and Mrs. W. B. Hollingsworth at Waverly. On Thursday they attended the observance of the Battle of Lexington at Lexington.

The MYF had a picnic at Liberty Park in Sedalia Wednesday night. Eleven members attended. Mr. and Mrs. Hubert Stone and three children, LaMonte, and Mrs. Lon Stone attended the commencement program at the Stet High School near Norborne Thursday night. Mrs. Stone's grandson, W. L. Barlish, was one of the graduates.

G. L. Morris returned to his home in Houstonia Thursday after being in Minneapolis, Minn., several months. He left Saturday to return to Minneapolis and then go to New York by plane out to Goose Bay, Labrador, where he will be for six months with the Drake Merriett Co. where he will be an assistant safety engineer.

His parents Mr. and Mrs. Jack Morris took him to Kansas City Saturday.

Mr. and Mrs. John Ertel, St. Louis, were weekend guests of Mr. and Mrs. Amos Rhinehart.

Mrs. Amos Rhinehart entertained the Contract Bridge Club Friday night. There were two tables of players and a dessert luncheon was served. Miss Mary E. Tevebaugh had high score and Mrs. Jack Morris low.

Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

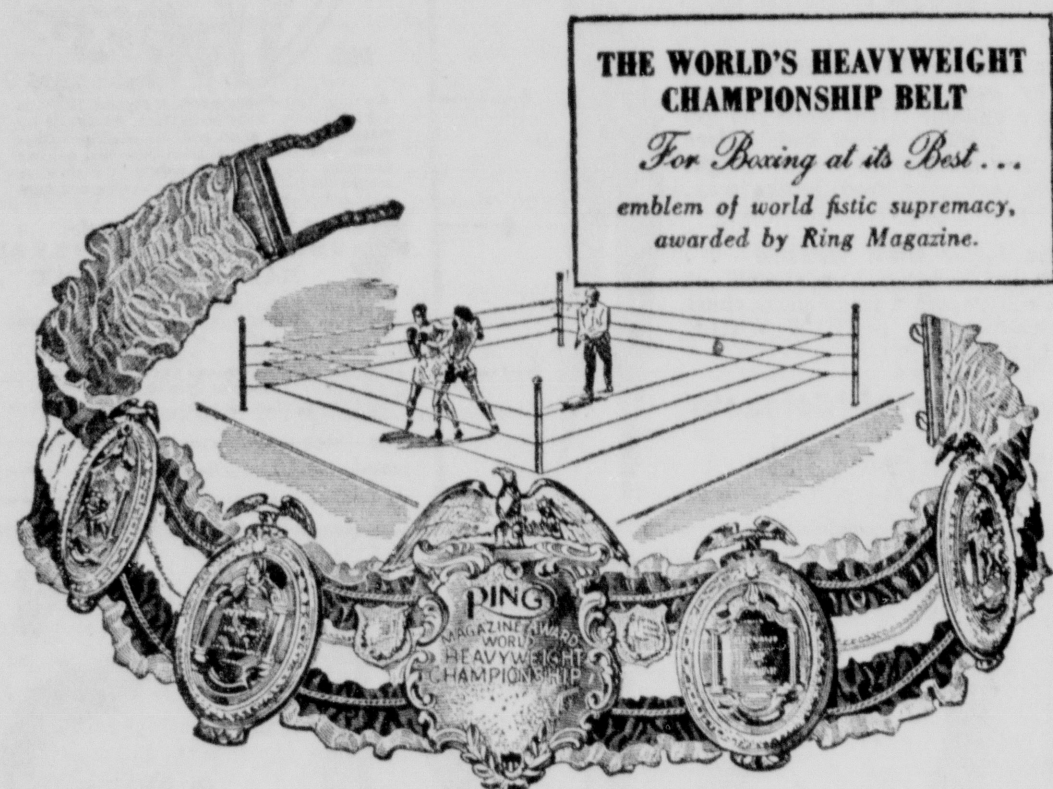

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

146 British and French doctors are so satisfied with this new help for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.

Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name **InfraRUB**. The price of **InfraRUB** is only 98¢ for a large tube. **InfraRUB** is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get hours and hours of comforting relief or their money will be refunded in full.

...with the sweetheart of the low-price 3

Biggest of the low-price 3! Plymouth is much bigger than the "other 2" low-price cars. You get more beauty outside, more roominess and comfort inside, more trunk space, plus the only truly big car ride in the lowest-price field.

Most economical of the low-price 3! Plymouth's fast-stepping new 6-cylinder Power-Flow 117 is a joy to drive, and own. Its exclusive Chrome-Sealed Action locks in power to give you peak performance for extra thousands of miles—at rock-bottom cost.

Greatest vision of the low-price 3! Plymouth's new Full-View windshield, with cornerposts gracefully swept back both top and bottom, gives you the widest, safest vision of any low-price car.

Newest power features! Plymouth alone offers full-time Power Steering, and all the other energy-saving power assists (at such low cost they'll hardly affect your monthly payments!). And you get many features that other low-price cars don't have.

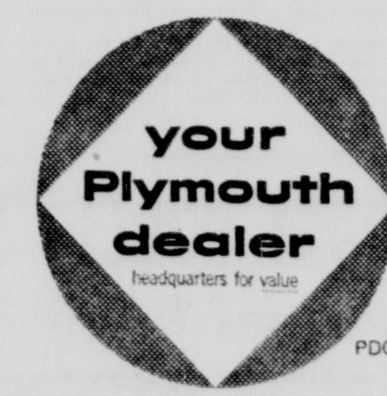

Come in and drive this big beauty today!

Why pay up to \$500 more for a car smaller than Plymouth? Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

Plymouth named "America's Most Beautiful Car" by famous professional artists, the Society of Illustrators.

Revival Move Not Genuine Or Permanent

LOS ANGELES (AP)—"The so-called revival sweeping America isn't genuine or permanent," Presbyterians were told last night. "Most people seem to want God as you want a hot water bottle in then light—to get you over a temporary discomfort."

Dr. Charles B. Templeton, of New York, secretary of the Division of Evangelism of the Presbyterian Church in the U.S.A., said at a rally preceding the church's 167th general assembly:

"Membership in the churches is increasing more rapidly than the nation's population and is at an all-time high. However, there is also an increase in the national debt, national taxes and national crime."

"Oddly enough, though there is a statistical increase in religious interest, there is also an increase in the number of criminals and the seriousness of their offenses. "The statistical columns reveal a nation increasingly Christian. The news columns reveal a nation increasingly pagan."

"Any genuine revival of religion will have to go beyond a mere concern to have God as a convenience and come to the point of dedication to Him and to His world."

Dr. Templeton addressed an estimated 3,000 persons at an evangelistic rally of a two-day pre-assembly conference. The general assembly itself opens tomorrow and continues through next Wednesday.

Nation Church Group Plans New Offices In New York Building

NEW YORK (AP)—The National Council of Churches' design for its new headquarters here is a 14-million-dollar, 17-story edifice, sufficient to accommodate at least 3,000 staff workers and housing a number of facilities.

Construction plans were announced yesterday by Edmund F. Wagner, president of the church center's Board of Trustees.

The council's offices are now in rented space in eight buildings in downtown Manhattan.

The new headquarters is planned for a block-long site on Riverside Drive, between 119th and 120th streets, overlooking the Hudson River and near Columbia University.

John D. Rockefeller Jr. has donated the site and has offered to pay for a modified Gothic limestone exterior for the united church center.

In addition to being headquarters of the council, the building will house offices of a number of the 30 Protestant and Orthodox denominations—with 35½ million members—which the council represents.

Private Services For Ex-Justice Roberts

PHOENIXVILLE, Pa. (AP)—Private funeral services, to be conducted at the convenience of his family, will be held for former Justice Owen J. Roberts of the U.S. Supreme Court.

The 80-year-old jurist who died yesterday at his farm home was praised later in Washington by Chief Justice Earl Warren, on behalf of the court, "as a skilled and respected jurist and a great American."

Roberts, appointed to the nation's highest court by former President Herbert Hoover in 1930, served 15 years as a justice before retiring in 1945.

He is survived by his wife and a daughter Mrs. Elizabeth Hamilton.

Dutch Premier Loses Vote of Confidence; Queen Seeks Another

THE HAGUE, Netherlands (AP)—The first Dutch government crisis in nearly three years sent Queen Juliana searching today for a political leader to form a new cabinet.

Premier Willem Drees submitted his coalition Cabinet's resignation last night after losing a vote of confidence in Parliament's lower chamber 50-48. The vote came on a government bill to raise rent ceilings 10 per cent on about one third of Holland's rented homes.

Because the rent issue is a major point of controversy between the country's two major parties, the Catholics and Drees' Laborites, political circles predicted a long crisis. Each party has 30 of the 100 seats in the second chamber. The Laborites deserted Drees to vote solidly against the rent bill. They said they would agree to it only if wages were raised simultaneously.

Until a new government is formed, Socialist Drees' Cabinet will continue in office as caretakers.

Try for Release Of Brilliant Youth In Shooting from Hotel

RALEIGH, N.C. (AP)—The attorney for Richard Kluckhohn has taken steps to have him released on bond while awaiting trial on a charge of murder.

Howard Manning filed a petition with the Superior Court yesterday asking for a habeas corpus writ. He contends the state showed insufficient evidence at a preliminary hearing Monday to warrant holding the youth without bond.

Kluckhohn, 21, of Evanston, Ill., described as a gun fancier and brilliant anthropology student, is accused in the fatal shooting last Friday of Miss Bernice Seawell, 43, government employee of Arlington, Va.

Police said a shot fired from a hotel room occupied by Kluckhohn hit Miss Seawell as she and a sister were standing at a parking lot. Kluckhohn son of two Harvard University faculty members, claims his German luger pistol discharged accidentally.

Doorbell For German Actually Fire Alarm

SCHENECTADY, N.Y. (AP)—The man, born in Germany, studied the letter curiously. It was written in English. Surely, he thought the sisters could translate it.

So he headed for St. Joseph's Convent, stopped at the parochial school by mistake and rang the bell in front—just as in the fatherland.

Seventeen firemen rolled up in six trucks. The trembling man told Deputy Chief Thomas Meaney how he made the "terrible mistake" of sending the alarm. Meaney briefed him on how fire alarm boxes looked.

The letter was forgotten in the furor.

Israel Protests Mine

JERUSALEM (AP)—Israel has blamed an Egyptian land mine for the death yesterday of two Israeli soldiers and the wounding of three others. The Israelis complained to the U.N. Mixed Armistice Commission.

An Israeli army spokesman said the troops were on a routine patrol along the Israeli-Egyptian truce line adjoining the Gaza territory when their car exploded the mine.

Truman Praises UN As Only Safe Outlet For Russian Antics

JEFFERSON CITY, Mo. (AP)—Harry S. Truman says withdrawal of this country from the United Nations would mean preparation for a third world war and "the destruction of the world."

The former President also said yesterday the United States should try to keep Russia in the U.N., adding:

"When we have the Russians before the world, we are in a better position to make them perform for peace."

He told a joint session of the Missouri State Legislature world peace or world destruction are the only two alternatives we have.

Answers Jury Call

WICHITA, Kan. (AP)—Finnis C. Morris, Capron, Okla., drove 130 miles to Wichita for jury duty—as ordered. He was declared ineligible for Kansas jury duty, however, when Judge William C. Kandt learned he had moved to Oklahoma two years ago and that the court summons was forwarded from his old Wichita address. Morris was paid 7 cents a mile for his trouble.

The annual death rate in the United States dropped from 17.2 per thousand persons in 1900 to 9.6 per thousand in 1950.

Sweet Springs Races Attract A Fair Crowd

Thirty-two cars were entered in the time trials of the Sweet Springs modified races Tuesday night, but only 31 took part in that event. There were 634 customers in the stands in spite of the chill of the night.

Torchy Alshire had the top time for the quarter mile of :19.8.

A new rule has been put into effect on drivers who win three trophies. After the third win they are disqualified from the trophy dash events on that particular track. In the dash Tuesday night Joe Dennis won his 21st trophy, making the dash in 3:45.3.

The first heat was won by Ken Taylor after a slow start. George Deer second and Russell Hubbard third.

Second heat: Don Waggoner came from the rear to win this event; Chet Hamby second and Harold Schroeder third.

Third heat: This was the most exciting event of the night. Fast driving between Joe Dennis and Scotty Scoville, Judge Larson and Torch Alshire and hunched together most of the race kept the fans on their toes. Scoville won, Alshire second, Dennis third.

Tubby Mast lost a wheel and was left stranded in the middle of the track creating a hazard which didn't seem to bother the other drivers. Crockett Thomason who was trailing in the event dropped out and pushed the wrecked car to the infield with his own vehicle to clear the track.

In the consolation event Ken Taylor won a close victory over Deer, the only Sweet Springs driver to make an appearance on the track Tuesday.

Bob McCurdy Heads Bowling Association, Re-elected President

The Sedalia Bowling Association, Tuesday night, re-elected Bob McCurdy as its president.

Elmer Wittman and George Dugan, Sr., were re-elected secretary and treasurer respectively.

Other officers elected were: Jack Vaughan, first vice-president; Rev. W. F. Strickert, second vice-president; Victor Scott, third vice-president and Fred Whitfield, fourth vice-president.

The board of directors: Glen Nelson, Charles Lowman, Louis Heurman and Bernie Sharper.

One-Sided Games Played Tuesday At Housel Park

The National Engineers were trounced on, run over and beaten in an Industrial League softball game Tuesday night when the Jaycees turned their half of the innings into a track meet instead of a ball game. The Jaycees went to the top of the league standings when they won 14-1.

The victory was somewhat of an avenging event for the Jaycees who last year were beaten four straight games by the Engineers.

A 5-inning rule brought the game to a sudden end when the Jaycees ran the score up to 14 to 1.

The Adco Blues continued their winning ways by defeating the Kilowatts 21 to 1. This score tied the 1954 record of most runs scored in a game.

Mosby was the losing pitcher in the Engineers-Jaycees game allowing 13 hits, struck out three and walked four, while his teammates helped in the loss by committing four errors. Lyles, the winning pitcher, allowed four hits, one run and struckout three, walked one.

Thompson who relieved him in the fourth allowed two hits, struck out three and had no runs scored against him.

Donnie Delph of the Jaycees hit a homer in the first.

Sterling was the winning pitcher for the Blues and Ryan the loser for the Kilowatts.

Cards Win Over Dodgers By 3-0 Score

By THE ASSOCIATED PRESS

Strong rivalry has been built up through the years between the St. Louis Cardinals and the Brooklyn Dodgers, but the eastern club has had the edge in recent times.

Thus any victory rouses joy in Redbird hearts, but last night's 3-0 triumph in St. Louis was all the sweeter because:

1. The Dodgers have been riding especially high this year with 25 triumphs out of 31 games.

2. St. Louis pitching, long a weak spot, made the victory possible.

Larry Jackson, a right handed rookie, was the hero. He gave up 10 hits, but was at his best with men on base so the hits didn't become runs.

Carl Erskine, who had five victories and no defeats before last night, had an old-fashioned pitching duel going with Jackson until Red Schoendienst homered in the fifth.

The other St. Louis runs came off Ken Boyer's home run against Jim Huggins in the seventh, after Bill Sarni had doubled.

The Kansas City Athletics with lefty Alex Kellner shining on the mound, also turned in a shutout triumph, downing the Washington Senators, 1-0, at Washington.

Kellner scattered eight hits while the A's collected just six.

A walk by Maury McDermott in the fifth led to the only run. The walker, Hegor Lopez, moved to second on Joe Astroth's sacrifice, and a single by Kellner scored Lopez.

The Senators came within inches of tying the count in the sixth as Eddie Yost doubled and took third on a sacrifice by Tom Umphlett. But First Baseman Vic Power grabbed Pete Rummels' grounder and fired the ball to catcher Astroth who caught Yost trying to score.

Kansas City Tourney Opens At Hillcrest, Draws Many Favorites

KANSAS CITY (AP) — The \$20,000 Kansas City Open golf tournament stars tomorrow with both last year's champion and runnerup in the field.

Wally Ulrich, former national intercollegiate champion from Rochester, Minn., was a surprise winner last year. Gene Littler of San Diego, was runnerup.

The field, which includes many of the nation's top pros, will tour the 6,665-yard par 72 Hillcrest Country Club course. The 72-hole event will wind up Sunday.

Littler and Cary Middlecoff of Memphis, who recently won the masters at Augusta, Ga., are among the favorites.

Willie Pep, Treading Downhill Path, Fights Gil Cadilli Tonight

DETROIT (AP) — "Old man" Willie Pep, treading the downhill path after a 16-year career in the boxing ring, fights a rematch tonight with young Gil Cadilli, an up-and-coming scrapper from Los Angeles.

The bout will be televised nationally over CBS at 8 p. m. CST. The oddsmakers have established Pep as an 8-5 favorite despite a loss to the 23-year-old Cadilli March 30 at Parks Air Force Base in California.

Pep, now 32, hit his heyday in the 1940s when he twice won the world featherweight title, first from Chalky Wright, then from the current champion, Sandy Saddler, who beat Pep in a rematch.

SPORTS

ROCKY CHARGED WITH BUTTING—John Simpson, manager of England's Don Cockell who was defeated in his San Francisco attempt to wrest the world heavyweight crown from Rocky Marciano, has charged that the referee permitted Rocky to "butt, use elbows and wrists" . . . and "hit twice after the bell . . ." in the battle. Here, in an early sequence of action, Marciano, right, appears to bear out the butting charge as he follows through, at top, with a right, and lodges his head against Cockell in the bottom photo. Rocky won on a TKO. (NEA Telephoto)

Rocky Portrayed To British As Back Alley Type Fighter

NEW YORK (AP)—The one sad feature of an otherwise surprisingly fine heavyweight fight is the fact that Rocky Marciano is being portrayed to British fans as a "dirty fighter" who employed back alley tactics to defeat their game champion Don Cockell.

Did they wish to be completely honest with their public, the dozen war correspondents who accompanied Cockell from London to San Francisco could have cabled home:

Ralph Dupas Wins 10-Round Split Decision

NEW ORLEANS (AP)—Lightweight Ralph Dupas of New Orleans won a bloody 10-round split decision in handing the No. 3 ranked Frankie Ryff of New York his first professional defeat last night before the largest paid crowd in New Orleans boxing history. But many of the 9,200 fans disagreed with the decision.

Dupas erased one of his six losses in a 65-fight career with the decision over Ryff, who went into last night's match with 17 victories without a loss. Ryff won a decision over Dupas last September.

The crowd booed the decision when Judge Pete Giaruso gave Dupas eight rounds and Ryff two. Judge Francis Kercheval called Dupas the winner 6-4, but Referee Eddie Wolfe awarded the verdict to Ryff, six to four. The AP gave Dupas the edge, five rounds to three, with two even.

The fight was one of the bloodiest main events here in years. Ryff's right eye poured blood after the second round and required a dozen stitches.

that the world champion fought a rough fight, as he always does. To say that the Rock is a dirty fighter is to distort the truth, or to display a vas ignorance of the boxing game.

Over a long period we have known and watched more than a few fighters who were mean, ornery and crafty, both inside and outside the ring. A few of them might have been described as vicious. Marciano is none of these. He is a gentleman of impeccable habits, who wants to win a fight as quickly and decisively as possible.

But for his rushing, crowding, ever-swinging style, Rocky never could have been a champion. With his short arms and lack of height, the boy from Brockton was never cut out to be a fancy dan. He had to get in where he could maul an opponent ceaselessly and never permit him to rest an instant and eventually slug him silly.

By the very nature of his headlong attack, the Rock is almost certain to fracture a small rule now and then, as he did against the bulbous Briton. But no one who has been around the modest champ for more than five minutes, and wishes to be entirely fair, is going to accuse him of deliberately cutting the corners to achieve a victory. If the British people come out of this believing their man was done in by foul tactics, they deserve better.

Practice Game For Babe Ruth Clubs

Mullin's Men's Wear and Western Auto clubs of the Babe Ruth League will meet in a practice game at 1 p.m. Thursday at the Liberty Park diamond. All boys of both teams are expected to be there and on time.

Rock-Cockell Rematch Plans Started

SAN FRANCISCO (AP) — The chances of a return bout between the champion, Rocky Marciano, and Don Cockell, possibly in London in September, continued to brighten today as the camp's of both Monday night fighters gave enthusiastic lip service to the idea.

The Cockell camp, naturally, favors a London site. The Marciano crew agreed that "England is as good a spot as any for a rematch." The International Boxing Club, which will have the final say, wasn't talking.

Cockell, a small patch of adhesive tape on his cut forehead and a slight scratch under his left eye the only signs of the beating he took, said he'd welcome another chance at the title.

"I'd like to fight him again and I'd prefer London," he said at a news conference. "But I'd meet him in New York or almost any place else, although I don't fancy here at all.

"He is the best fighter I ever faced. Afraid of him? Certainly not. I'm not afraid of any man, but obviously I'd have to alter my tactics in a return match."

Marciano, high in his praise of Cockell's courage before the fight was stopped in the ninth round, said he'd be willing to meet him again "in England or any place else as long as the terms are agreeable."

"I'll fight anybody any time," he said.

His manager Al Weill, who with the IBC will name the next opponent, said that if the terms were right—"and that takes in a lot of territory"—he thought England "was as good a spot as any" for a rematch.

"I'm going to be with Jim Norris (IBC president) in New York and we'll decide which is best—New York or London in September."

Weill said that Jack Solomons, British promoter, had made him "a good proposal" for a London match, but that the terms would have to include such items as the selection of officials.

T-C Girls' Softball Team Tops Columbia Femme 9-3 Tuesday

The Town and Country girls' softball team defeated the Columbia Semmons Furniture team, on Tuesday night, by a score of 9-3. The game was played on the Center Park diamond, 16th and Center.

One of the features of the game was in the fifth inning when Dorothy Rayl hit a home run with one runner on base. She got two hits during the game.

Earlene Walz pitched for the T&C team and worked a good game, letting the opponents down with three runs and only two hits. Ella Hughes was on the receiving end.

Martin was on the mound for the visitors and was touched for nine runs on 11 hits. Her catcher was Hazel Schaeffer.

Season May Turn Out Series Of Major Pitching Battles

By ED WILKS
The Associated Press

From the looks of the past seven days, this may turn out to be a pitcher's year in the major leagues—their first since 1951.

It's been four years since the pitchers got together and confronted the hitters with as many as 13 guys who won 20 or more. Since then the hurriers with the whammy have fallen off to six in '52, eight in '53 and six again last season.

Right now, 17 pitchers have won four or more (a year ago there were 13) and they've had help from the rest to give the majors a total of 39 shutouts to date. In each of the past three seasons there were only 35 scoreless performances on record at this stage.

Thirty-two pitchers have figured in the whitewashes, and 13 shutouts have come in the past week—including Don Newcombe's one-hitter at Chicago and Sad Sam Jones' no-hitter against Pittsburgh.

There were three shutouts last night. Rookie Larry Jackson put the collar on National League-leading Brooklyn at St. Louis in a 3-0 Cardinal victory. In the American League, Alex Kellner gave the Kansas City Athletics a 1-0 triumph for the New York Yankees against the Chicago White Sox.

Only two other National League games were played. Milwaukee took over second place, eight games behind the Brooks, by beating New York's Giants 9-4. Cincinnati made it six straight defeats for Pittsburgh 9-2. Cold weather shelved Philadelphia's game at Chicago.

In the American, Boston knocked off Cleveland 10-3 and Baltimore beat Detroit 3-2.

Jackson's no-run job on Brooklyn gave St. Louis its third whitewash victory in four games. The Brooks tagged the young right-hander for 10 hits, but when the chips were down, Jackson went to a curve ball and found the answer.

Home runs by Red Schoendienst and Ken Boyer gave it to the Cards, who got nine hits off Carl Erskine, losing his first in six decisions, and Jim Hughes. The Cards moved up from fifth into a two-percentage-point edge over the four-place Giants.

At New York, Ford dueling with Billy Pierce for seven innings before claiming his third shutout of the season and fifth victory. Pierce blew it in the sixth when he walked Mickey Mantle and Yogi Berra. After a double steal attempt that moved Mantle to third but nipped Yogi at second, Pierce walked Elston Howard. Then Eddie Robinson's infield grounder brought the run home without a hit.

Kansas City managed just six hits off Maury McDermott, but got home in front on the Washington lefty's lone walk, a sacrifice and a single by Kellner in the fifth.

Erv Palica, the ex-Brooklyn right-hander, gave up six hits to the Tigers, but not more than one in any inning. Billy Cox, another former Dodger, homered for the Orioles.

At Milwaukee, the Giants' Don

Mueller saw his 24-game hitting streak stopped, settling for a tie for the club's record.

Gene Conley won his fifth on nine hits, riding out homers by Willie Mays and Hank Thompson while the Braves pounded five Giant pitchers for 15 hits. Joe Adcock had four-for-five, including a home run. Al Corwin was the loser.

Cleveland, missing the injured Al Rosen, Bobby Avila and Georgie Strickland, finally was dumped at Fenway Park after taking 11 straight at the Red Sox hangout. Early Wynn lost it, his first setback of the season, when Jackie Jensen and Eddie Joost homered for four runs in the fifth. Bill Henry won his first with help from Ellis Kinder.

At Cincinnati, Joe Nuxhall wrapped it up with an eight-hitter and a three-run double in the second inning.

Frick Requests Careful Survey Am. League

NEW YORK (AP)—Major league baseball, figuring it may be too close to the woods to see the trees, has turned to a private research firm to get the lowdown on what's going on in it's own back yard.

Commissioner Ford Frick announced a plan yesterday which will survey baseball's current problems for the purpose of "keeping up with the times and getting our house in order."

As outlined by Frick, the research firm, Stephen Fitzgerald Co., Inc., of New York, will analyze such pressing problems as radio-television, major-minor league relations, the feasibility of expansion, falling game attendance, unpopular legislation, relations between front office and player and front office and the press.

Frick said a preliminary report may be ready for the club owners' summer meeting in July.

"There has been a lot of loose talk," said Frick, "regarding the effect radio-TV has had on baseball attendance, both in the majors and the minors. There has been all sorts of guesswork regarding the length of games. Do the fans prefer shorter games? What effect do long games have

Larry Jackson Whitewashes Dodgers 3-0

ST. LOUIS (AP) — The St. Louis Cardinals young pitching staff, the pre-season question mark of the club, is making itself felt in a big way around the National League these days.

Rookie Larry Jackson, a 23-year-old righthander from Idaho, jumped on the bandwagon last night as he set down the Brooklyn Dodgers, 3-0, marking the first time the league-leading Bums had been whitewashed this season.

Jackson's effort was the latest leg in a string of brilliant Redbird pitching that has allowed the opposition only one run in the last four games, including three shutouts.

Jackson gave up 10 hits but had a trick curve ball working for him in the pinches.

Brooks Lawrence turned in a four-hit shutout over Pittsburgh Saturday night. Gordon Jones followed with a three-hit and one-run job over the same club on Sunday and southpaw Luis Arroyo fashioned a six-hit whitewash over the Pirates Monday night.

The victory over Brooklyn vaulted the Cards into a slim two-point percentage hold on third place in the National League chase nine games behind the Dodgers. It also put them over the .500 mark with a 14-13 record.

But Card southpaw ace Harvey Haddix, has been in an early season slump. However Haddix, with a 1-5 record, says "I'm about ready to hit my stride." He works tonight in the series ending game against Brooklyn.

Backing the brilliant hurling of the Cardinals is a power-packed lineup and top-notch defensive club.

Only two of the regulars are hitting below .300. Rookie Bill Virdon is leading the pack with a husky .356 mark. He's followed closely by catcher Bill Sarni's .351, Red Schoendienst at .343, Wally Moon .331, Stan Musial, .311, Rip Repulski (hitless in his last six games) .310, Ken Boyer .267 and Alex Grammas .194.

on attendance? What about television? How much does it hurt attendance, if any?

"Nobody really knows the answers. Now, for the first time, we are making a concentrated effort to get the facts so we can establish policy."

His Teacher Kept Borgnine In the Theater

By BOB THOMAS

HOLLYWOOD — A few years ago, Ernest Borgnine, a 10-year Navy man who was trying his hand at acting, told his dramatic teacher he thought he would seek another line of work.

His teacher rapped him across the knuckles with a ruler.

"How dare you talk that way!" she exploded. "You, who could be another star like a Jimmy Cagney or Wallace Beery."

Ernie thought she was off her trolley. But she startled him so that he forgot his ideas of quitting.

It's a good thing he did. Otherwise Hollywood would have been deprived of its newest star.

Yes, star, Ernie is a paunchy 37-year-old with a face that will give Tony Curtis and John Derek no cause for concern. But he is now being hailed as a starring personality, all because of a little picture called "Marty."

"They showed the picture to people for two months in New York before it opened," said Borgnine (he pronounces it Borg-9). "Everybody said, 'It's a wonderful picture — too bad it won't make money.'"

"When it opened, there were lines around the block. The 20-year record at the Sutton Theater was broken," United Artists quickly changed its ideas of aiming the film at the art circuit and booked it for big theaters.

The crowning triumph came in Cannes last week when "Marty," filmed in 18 days at a cost of \$360,000, walked off with top honors against pictures costing millions.

"I guess that was about the nicest thing that ever happened to me," said Ernie when he heard the news.

Nice things have a habit of happening to Ernie, a pleasant, easy-going fellow despite the dastardly villains he has played in the movies.

It was inevitable that Ernie would get typed as a heavy after playing Fatso Judson, the fiend who fatally beat Frank Sinatra in "From Here to Eternity." He followed that with a number of villainous roles.

Then he was cast as "Marty."

Nike Sites Causing Unrest Of Near Residential Areas

WASHINGTON — The Army, embarked on a billion-dollar program of building Nike sites, is seeking to reassure communities nervous over close-by installation of the deadly anti-aircraft missiles.

Partly for this purpose, the Army yesterday took newsmen to a new Nike site at Lorton, Va., part of the anti-aircraft defenses of the capital, about 16 miles to the north.

Maj. Gen. Gilman C. Mudgett, chief of Army information, told the newsmen the Nike "is being literally installed in the back yards of our householders all over the nation."

And Brig. Gen. R. R. Hendrix, commander of the Washington-Baltimore Nike defense area, said this "has touched off some knotty problems."

"As you may know," he said, "Army engineers have met with some strong resistance during the process of acquiring real estate for Nike sites. Some local communities have not been at all in sympathy with our program, particularly in land matters or in the stationing of troops in residential areas."

Hendrix contended a Nike site "is not dangerous, but as safe as a gas station; as important to

security and as much a part of the local community as the police and fire departments."

There was no mention at the news conference of an incident a month ago when a Nike missile at Ft. Meade, Md., was fired accidentally, falling onto a usually heavily traveled highway but without injury or damage to passers-by.

The Nike battery at Lorton is typical of others built or being built at more than 15 cities. Eventually, Hendrix said, the Nike system will be extended to "all our large industrial and population centers."

Army spokesmen said land and

construction for a Nike site costs on an average, about one million dollars. The weapons themselves cost between \$20,000 and \$25,000 each. Army officials estimate the entire program will take several years to complete and will cost upwards of one billion dollars.

Corn Planting Ordered By Top Soviets

MOSCOW (U. S. —) Strong orders went out today to Soviet farmers to end an "unbearable" delay in the planting of corn and get their quotas in the ground within the next three to five days.

The Kremlin command was made public last night only a few hours after announcement of the U. S. invitation for a delegation of about 10 Soviet farm experts to inspect Iowa farmers' ways with corn and hogs this summer.

The coincidence, however, did not appear by Soviet design. The Moscow and provincial papers have been packed for the past 10 days with denunciations of the farmers' failure to follow through on Communist party chief Nikita S. Khrushchev's demand in February that vastly more corn be grown for hog food.

The Russians are considered certain to accept the American invitation to visit Iowa. In exchange, a party of U. S. farm experts is slated to visit the Soviet Union. The American note yesterday asked how many should come and when.

Last night's blast from the Ministries of Agriculture and State Farms did not say how badly the corn planting was lagging, or how much was the goal. But it ordered directors of state and collective farms to draft all farm workers—and their families as well—for the sowing, and to keep them working every daylight hour. No penalties were announced for further failures.

Asphalt is an ancient Greek word meaning firm, stable or secure.

Set New Jet Record For Tokyo-Australia

NEW CASTLE, Australia (U. S. —) Four U. S. Thunderjets landed here today, completing a record nonstop Tokyo-to-Australia flight in 12 hours 2 minutes.

The speedy single-engine fighters each capable of carrying an atomic bomb, refueled in the air three times during their 4,840-mile hop — over Guam, Manus Island and Townsville, Australia.

The flight, part of a U. S. Air Force good will mission to Australia, extended the nonstop over-water record for single-engine jets by 355 miles. Col. David Shilling set the previous mark of 4,485 miles in 1953 on a flight from Turner Air Force Base, Ga., to North Africa.

To Rule On Appeal

LEBANON, Mo., (U. S. —) Judge William Kimberlin will rule May 28 on a defense motion for a new trial for Thurman Priest, convicted of

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., May 18, 1955 15

killing his 11-year-old niece, Jeanette Earnest, last November 17th. The 48-year-old Grand Prairie, Tex., bookkeeper was convicted last month of first degree murder and sentenced to life in prison. The child's body was found near Lebanon.

Cut Divorces By Week For Husband Only

By HAL BOYLE
NEW YORK (AP)—Would it help cut the divorce rate in America if every year we had a week dedicated to husband worship?

A hundred Hindu wives in India recently completed a five-day festival of husband worship. In one ceremony during the festival each wife washed her husband's feet, and a Hindu mystic expressed hope this rite "will end divorce."

Well, it was a heart-warming thought. But would it work here? Many foreigners accuse Americans of woman worship. They feel our high divorce rate stems from the fact the ladies have too much power in this country—that a wife loses respect for a husband she can wear like a watchfob or dangle like a marionette.

Hmmmm. After all, we do celebrate things like National Dill Pickle Month. Why not set aside one measly week a year for husband worship? That would still leave us 51 weeks of wife worship—surely enough to keep any reasonable woman happy.

So, fired up with the heady prospects of launching America's very first annual Worship Your Husband Week, I broached the project to a guy I know whom everybody calls "the oldtimer." He is wise in the ways of marriage, a combat veteran scarred but unbroken by a 30-year tour of duty on the same matrimonial battlefield.

Somewhat to my surprise, the oldtimer, after listening to my proposal, immediately threw cold water on it.

"Son, I know it sounds like heaven," he said, "but that's why it won't work. Heaven don't work on earth."

"You mean you wouldn't enjoy having your wife worship you for a week out of every year?" I asked.

"Lord a-mighty, no!" he thundered. "I don't know how those Hindu men stood it, having their womenfolk coming around worshipping 'em and a-washing their feet for five whole days. Father's day is almost more than I can bear, with my wife and kids behaving like simpering idiots seeing me for the first time. You haven't thought this thing through."

"I don't get you," I murmured. "How?"

"Well, for one thing, I bet you think American wives would resent a Husband Worship Week and holler against having to wash the old man's feet, like Hindu ladies."

"Of course, they'd holler."

"That's how little you know about women," said the oldtimer. "Why, they'd go for it like a weasel goes for hen eggs."

"The wives would be fighting to show how much they worshipped their husbands. Every home soon would have a gilded bowl—something like the old shaving mugs—inscribed, 'Dear Daddykins—His Toosie Bath.'"

"They'd have all kinds of Precious Papa foot soaps on the market—perfumed naturally. Wives would be trading foot bath recipes, and there'd be national televised contests to pick America's leading foot-washing wife."

"Don't you think that's a bit overdrawn, oldtimer?"

"Not at all," he replied. "A Husband Worship Week would be one long hell. A man couldn't move. He'd be so smothered in feminine

adulation he'd be like a fly in a barrel of molasses. And that's the way his wife would like to have him.

"Son, when you worship something, it becomes your prisoner. Nothing with any sense really likes being worshipped. That's why women enjoy it. I fought my wife for 20 years before I found out the secret of how to beat her—which was, to worship her."

"I quit being her slave the day I told her I worshipped her. I've been telling her that ever since. When you keep telling a woman you worship her, she has to let you have your own way—for fear you'll stop telling her. If there's a slave in the family now, well—it ain't me."

The oldtimer paused for breath.

US Notifies Russia Soviet Farmers Can Have Tour of Nation

WASHINGTON (AP)—The United States notified Russia today it is ready to accept 10 Soviet farm specialists as official visitors.

The State Department made public a note delivered by the American Embassy at Moscow to the Soviet foreign ministry.

The note, aside from telling Russia the visitors would be welcome, suggested mid-summer, from July 10 to Aug. 10, as "the most advantageous time."

It also asked the Soviet government to say how big an American delegation the Russians are prepared to receive and at what time.

Adenauer Decides Not To Dole Out His Job As Foreign Minister

BONN, Germany (AP)—Chancellor Konrad Adenauer has postponed plans to give up the post of West German foreign minister, government officials said today.

Adenauer informed his Cabinet last week that he would name Heinrich von Brentano as foreign minister this month.

Since then, officials said, the

Chancellor has decided he must continue to direct foreign affairs for a while in view of the projected big-power conference and other international developments. German reunification is certain to be a major issue at the Big Four meeting.

The officials predicted that Von Brentano will succeed Adenauer as foreign minister within about three months.
